Mr. Randal D. Owen
Marine Resources Commission
2600 Washington Ave., Third floor
Newport News, VA 23607

#14-0343

Dear Mr. Owen;

I was ill when the Fluvanna BOS last met concerning the "pipeline to Louisa" boondoggle, and yesterday learned from someone who attended the midnight meeting that the BOS had unanimously approved MOVING THE INTAKE SITE upstream to a neighboring property, now owned by a Dr. William Hammond.

Amended applications to your office and to others involved in the approval process can be expected soon?

Yours very truly,

Bill

William A. Winston
